B. STUDY CLASSIFICATION

Type of Research (check all that apply):

Research Type	Examples	Check (✔) if applicable
Prototype / Experimental	Development of physical products (e.g., electronics, machinery), testing of materials and chemicals in real-world applications	☐
System Software	Development of AI/ML models, web applications, mobile apps, game engines, data analytics algorithms, cybersecurity protocols, blockchain solutions	☐
Digital Content	Production of films, video campaigns, educational videos, infomercials, digital marketing content, multimedia for advertising or awareness	☐
Action Research	Real-time problem-solving through iterative cycles in organizations or communities (e.g., improving teaching methods, process optimization in companies)	☐
Community	Projects aimed at community development, social impact studies, creating tools or systems for community use (e.g., health, education, local business)	☐
Others		☐

C. EXECUTIVE SUMMARY

This must include its significance, alignment to the Institution / Program Research Agenda and Sustainable Development Goals

D. PRE-DATA GATHERING ETHICAL SCREENING CHECKLIST

	Yes	No
Does your research involve **human participants** (including surveys, interviews, usability testing, playtesting, or appearance in audio/video/image)? **If Yes, attach Appendix A – Human Participants. If No, see Appendix I.**	☐	☐
Are you conducting **Action Research** involving an intervention in a business, company, school, or organization? **If Yes, attach Appendix B – Action Research.**	☐	☐
Does your research involve **online or internet-based data**, platforms, or communities (e.g., social media, forums, online games, data scraping)? **If Yes, attach Appendix C – Internet & Online Research.**	☐	☐
Are your participants or intended beneficiaries located in a community, school, barangay, or organization that requires formal permission to access, involve, deploy, or transfer the project? (This includes projects where systems, applications, media, or other outputs are implemented, piloted, or transferred to a community or organization.) **If Yes, attach Appendix D – Community-Based Research.**	☐	☐
Will you use **documents, media, datasets, or materials not in the public domain** that require permission or authorization? **If Yes, attach proof of permission or authorization or sample letter to obtain permission.**	☐	☐
Does your research involve animals (non-human subjects)? **If Yes, attach Appendix E – Animal Subjects.**	☐	☐
Does your research involve toxic, hazardous, or chemical substances *(e.g., chemicals, biological agents, fumes, hazardous materials)?* *This does not include electrical, electronic, or mechanical hazards, which are addressed through laboratory or engineering safety protocols.* **If Yes, attach Appendix F – Toxic or Hazardous Agents.**	☐	☐
Does your research involve physical hazards *(e.g., high-voltage electricity, live circuits, electrocution risk, moving mechanical parts, heat, pressure, or similar risks) that may pose a safety risk to participants or researchers?* *If Yes, confirm that appropriate laboratory safety clearance, risk controls, and adviser supervision are in place.*	☐	☐
Does your research involve creative, multimedia, or game-based outputs where individuals appear, are represented, or may be affected by the content? ***If Yes, attach Appendix G – Multimedia, Creative, and Game-Based Research.***	☐	☐
Does your research involve artificial intelligence, machine learning, algorithmic classification, prediction, ranking, or automated decision-making systems that may affect individuals? ***If Yes, attach Appendix H – Algorithmic and Decision Impact***	☐	☐

E. CHECKLIST OF REQUIRED DOCUMENTS

Document	Attached (✔)	Remarks/ Link Type N/A if not applicable
